CLOSES AT 7:15PM!

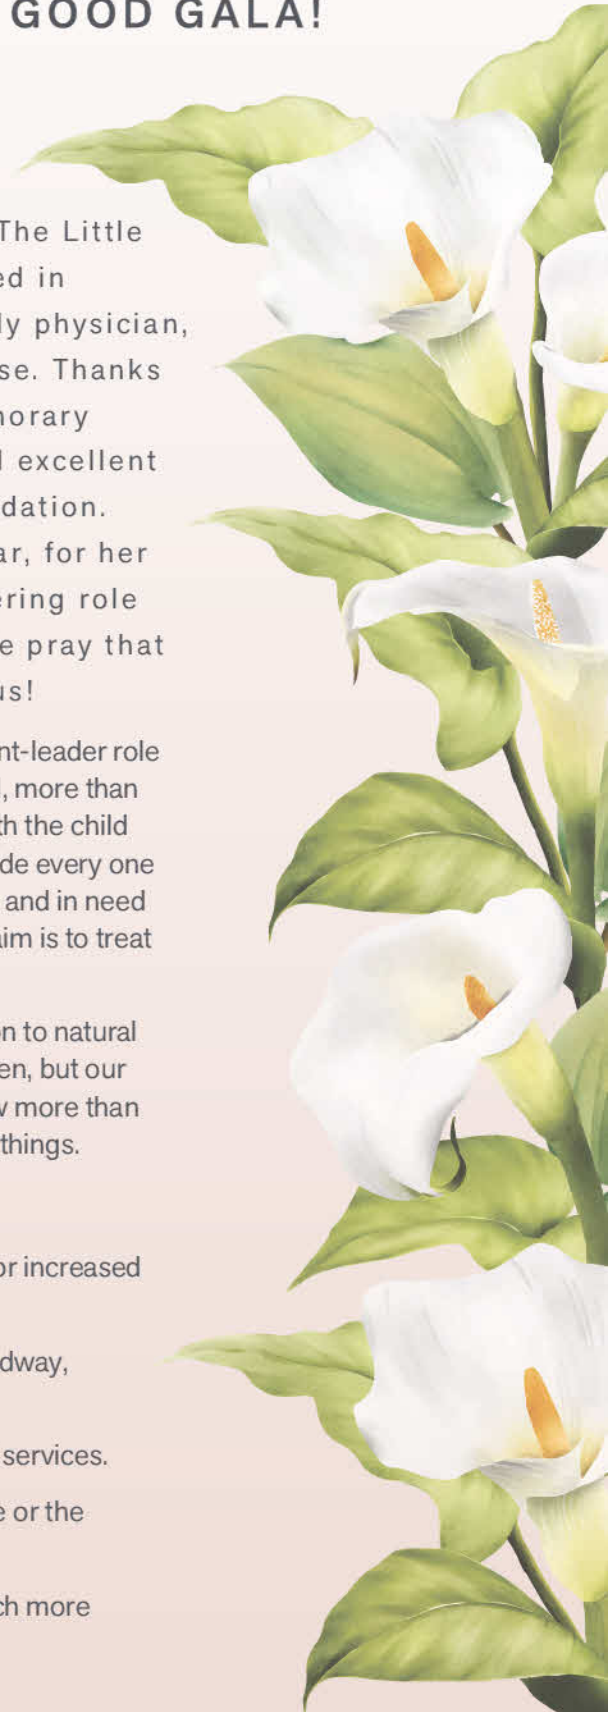

WELCOME TO OUR TWELFTH ANNUAL CULTURE OF LIFE FAMILY SERVICES PRO-LIFE IS GOOD GALA!

We extend a warm welcome to Sister Deirdre Byrne of The Little Workers of the Sacred Hearts of Jesus and Mary, located in Washington, DC. She is an accomplished surgeon, family physician, retired Army colonel, and superior of her religious house. Thanks go to the indefatigable Greg and Gabi Anthony, our honorary chairpersons, for their long-time support of COLFS and excellent work with the Knights of Columbus Light and Life Foundation. We thank Debbie Bradel, our Pro-Life Person of the Year, for her decades of crisis pregnancy support and for her pioneering role establishing the abortion pill reversal (APR) hotline. We pray that the evening invigorates the pro-life spirit within all of us!

IN THIS YEAR OF ST. JOSEPH, we are reminded of the servant-leader role God has given to fathers, exemplified by St. Joseph. Our world is in need, more than ever, of the generous selfless love represented by the man entrusted with the child Jesus. At COLFS we seek to emulate St. Joseph in the services we provide every one of our patients and clients. We serve those in crisis pregnancy situations and in need of Christ-centered family medical care, regardless of ability to pay. Our aim is to treat the whole person, mind body and soul.

COLFS remains committed to the sanctity of human life, from conception to natural death. Throughout the COVID-19 pandemic, we have kept our doors open, but our fundraising has been hampered by the challenges of the pandemic. Now more than ever, we need your support, so we can continue to accomplish amazing things.

- Our COLFS Medical Clinic is fully operational in Escondido.
- We are expanding our telemedicine and satellite office programs for increased accessibility.
- COLFS welcomed a full time physician in April 2021, Dr. David Medway, serving as our lead physician.
- We provide full-spectrum pro-life family medical care and prenatal services.
- COLFS provides services to all, whether or not they have insurance or the ability to pay.
- We are engaged in aggressive on-line marketing to effectively reach more women in need.

- Our education and counseling programs support post-abortive and miscarriage healing, chastity education, and life skills training.
- The COLFS Campus Outreach program continues to educate, encourage, and nurture the next generation of pro-life leaders.
- We offer cutting-edge NaProTECHNOLOGY, a women's health science dedicated to providing healthy, ethical solutions to women's health and fertility problems.
- COLFS' entire ministry is dedicated to promoting the Church's teachings on marriage, family, and the preservation of life from natural conception to God's call home.

COLFS Medical Clinic is a family medical practice consistent with your faith values. All that we do and advise is in accord with traditional Catholic Christian teachings.

Thank you to all our donors, who have been so generous. We look forward to your continued support of our life-saving ministries and pro-life medical practice. Because of you we continue to change minds and hearts, help heal those wounded by the culture of death, and bring all those we serve closer to Jesus Christ.

Forever in Jesus' name,

Office of the Bishop

Dear Friends,

I am delighted to be able to join all of you who are gathering for this year's Pro-Life is Good-Culture of Life Family Services Gala and Auction and I am especially grateful that we can do so in person.

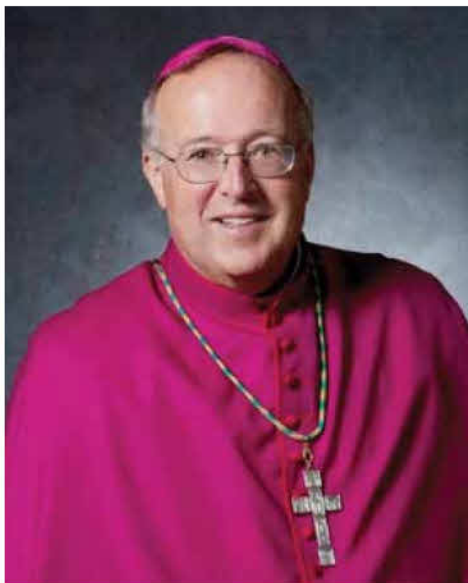

The many restrictions with which we have lived during the months of the pandemic are a reminder that we should never take life for granted and should appreciate and protect it at all its stages.

Your work and support of COLFS is a manifestation of your faith and an ongoing expression of your love for the gift of life from God that we all enjoy.

May the Spirit of God continue to guide you and grant you the perseverance to carry on with the many services that COLFS offers.

Sincerely yours in Christ,

Most Reverend Robert W. McElroy
Bishop of San Diego

June 24, 2021

Dear Brothers and Sisters in Christ,

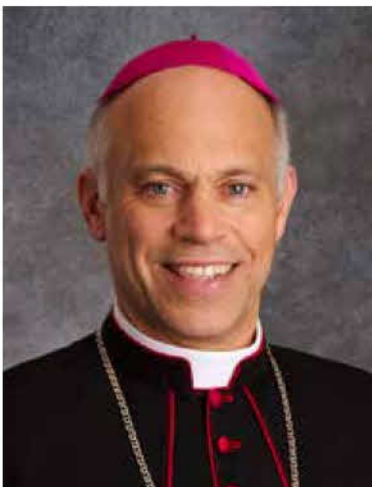

Today more than ever, people are realizing the great need to promote an authentic understanding of the Culture of Life. As you well know, attacks on the family and life leave people feeling hurt, wounded and helpless. Very often, women and children are the ones to bear the brunt of all this.

Culture of Life Family Services plays a unique role in ministering to women and children, especially those who find themselves in crisis situations. Since its founding, countless mothers and their children that have come to COLFS have experienced Jesus' love and healing, in addition to receiving the finest comprehensive health care and practical support. With the love of Christ and outstanding professionalism and care, COLFS provides an invaluable service for families.

I wish to take this opportunity to thank Dr. Delgado and the members of the COLFS staff, and all of its volunteers and benefactors for helping to make this ministry possible. Your commitment to the faith life of the Church, and your dedication to serving Jesus in the needs of others, are shining examples of what Pope Francis means when he reminds us that we have to serve Jesus concretely.

In our thanksgiving to God, let us never forget to ask for His continued blessing upon our apostolate and all those whom we serve.

Assuring you of my prayerful support and blessings, I remain,

Sincerely yours in our Lord,

Most Rev. Salvatore J. Cordileone
Archbishop of San Francisco
